the experience

All candles are poured into a 9 oz clear glass vessel set with a cotton wick. We will bring 10-15 of our top essential oils for the event. We understand that deciding can be difficult, which is why we will provide fragrance blotter strips to help narrow down your top picks (up to 3 scents).

Don't worry, we will be there EVERY step of the way to ensure that you create the perfect custom blend!

Once the testing is complete, the pouring begins! You'll be provided with all of the necessary tools for your candle-making experience.

Your candle will have to set for 2-3 hours after it is poured, so relax and mingle while you wait!
